

MASTERPATIO VS

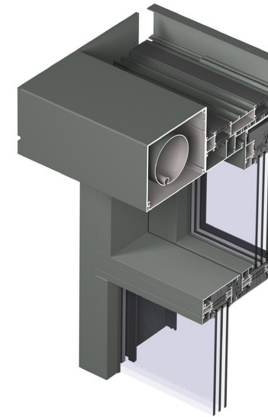

Vertical Slider

An award-winning motorised vertical slider by Reynaers Aluminium that allows large vents of up to 200 kg to open at the push of a button, creating a safe balcony feel in high-end residential and high-rise applications. When opened, it boasts a sleek flush finish, available in one or two fixed vent configurations, with a convenient ventilation mode for a fresh breath of air.

FEATURES

Thermal transmittance		Uw down to 0.8 W/m²K
Acoustic insulation		43 (-1;-3) dB
Air permeability		Class 4 (600 Pa)
Watertightness		Class E750 (750 Pa)
Wind resistance		Class B5 (2000 Pa)

Performance levels, dimensions and properties depend on size, profile combinations, hardware and infill choices.
